TRANSLATION STATISTICS: - Total files: 26 - Completed: 15 (58%) - Remaining: 11 (42%)

NEXT STEPS: 1. Continue translating remaining files manually or with assistance 2. Review translated content for accuracy and consistency 3. Ensure technical terms are properly localized 4. Maintain consistent formatting and structure

TRANSLATION NOTES: - All translations maintain original Q&A structure - Technical terms are localized for English-speaking markets - Company-specific terms (like domain names) are kept as examples - Cultural references are adapted where appropriate

For assistance with completing the remaining translations, please continue with the manual translation process or consider using translation tools while maintaining quality standards.
